

SOAP DISPENSERS **GW04 03 04 01 1.500ml soap dispenser****Product description**

Material: AISI 304 stainless steel  
Operation: Manually by pressure  
Finish: Brushed  
Capacity: 1,5L  
Attached to the wall  
Anti-drip valve  
Level viewer

**Technical specifications:**

The vertical soap dispenser with level viewer is entirely made of AISI 304 stainless steel material, with a brushed finish. The container holds up to 1.500 milliliters of liquid soap. The dispenser is filled by inserting the key into the hole located at the top of the dispenser and pressing until the cover is unlocked and opened for filling. The soap dispenser has an anti-drip valve. The push-button, made in cast steel with a brushed finish, is operated manually by pressure. It is fixed to the wall by means of a support plate in stainless steel using 3 steel direct fixing screws, each of them placed on the corners of the plate. It can be filled with vegetable or synthetic soap. The soap dispenser model is GW04 03 04 01, manufactured by GENWEC WASHROOM S.L. - Av. Joan Carles I, 46-48 - ES 08908 L'Hospitalet de Llobregat - Barcelona (SPAIN). [www.genwec.com](http://www.genwec.com).
